**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was using DSL from AT&T and was getting substandard connectivity. I switched to Sonic. And even though Sonic uses AT&T infrastructure to deliver my DSL, they took the time to diagnose a problem with AT&T's wiring, which AT&T could never be bothered to identify or fix while I was a customer of theirs.

I am a single parent, so I depend on broadband connectivity to give me the flexibility to work from home when I have a sick kid. This is important.

How do you expect a market to function properly without competition?

Do not stifle broadband competition.
